

Marge Wilkes – Meritorious Service

It is our pleasure to induct Marge Wilkes for the Southern Nevada USBC Hall of Fame Meritorious service Award.

Marge has had a long history of bowling involvement. She has been bowling in adult leagues since 1961 and has been a member of our bowling association since 1996.

Marge's passion is to be a teacher not only to our youth, but the mentally and physical challenged people promoting a higher meaning of life.

Marge went to work in 1995 at the Showboat Bowling Center on a part time basis in the youth bowling office with Bobbi Hover. As a result, she got very involved with the youth bowling program as well as the Special Olympics program. As she stated, this is her first love where you can still find her today volunteering 3 times a week.

Marge's caring heart and the attention she gives to the athletes, families and volunteers that work with them is exemplary. She does her best to see that each person feels uplifted and sense of accomplishment after each event. "It's all about the athletes, not her", she says, ensuring they have fun along with the competition.

Marge's endless patience, compassion and always the positive attitude earns her this Meritorious Service Award.
