

Kathy McCloskey

Cathy has held numerous offices, and been on many committees at both the league, local and state level and been a member of the SNUSBCA (LVWBA) for 25 years.

Cathy has always been very passionate about the sport of bowling for youth and adult bowlers. Throughout the years Cathy not only mentored thousands of youth bowlers in Southern Nevada about the rules and sportsmanship. She also mentored their parents. She also made bowlers and parents alike aware of the opportunities that youth bowling has for our youth bowlers to earn scholarships to further their education.

She always managed to respond consistently with respect and compassion no matter what the situation is it in league or tournament play. She has an unmistakable style of encouragement to inspire others to do their best no matter what the score may be.

She took the time to travel across the United States with the Junior Gold bowlers and cheer them on during competition or be a shoulder for them to lean on when they did not do well.

You never hear her complain about the hours she worked or where she had to travel to make sure that every scheduled youth tournament was completed. During some tournaments she had very little help at times but did a great job

Cathy is still working with her youth bowlers at Santa Fe Station and doing a wonderful job. We are very grateful she is able to continue to guide our youth for the future of the sport of bowling.
